Dear IGC-Members!

We hope you are doing well and that you are able to look back to a great first quarter. Time is flying fast and we would like to provide you with the most recent information from IGC in particular about our annual meeting on our 20th anniversary. We hope to see you soon in Budapest on May 9th.

Klaus Eiselmayer, Ronald Gleich, Heimo Losbichler, Rita Niedermayr, Lukas Rieder
Management Board of IGC

IGC Quality label

We are proud to announce that "CA Controller Akademie" successfully completed the recertification process for IGC's quality certification.

Controller competence model to be finished

IGC's strategic initiative on controller competence models is on its way and will be completed for the general assembly. Don't miss the opportunity to be the first to take a look at the finished model in Budapest.

General assembly and 20th anniversary in Budapest on May 8-9, 2015

IGC's most anticipated event of the year, the annual meeting and general assembly is coming soon. This year we are celebrating our 20th anniversary. We are proud to provide a very special event with Prof. Dr. Dr. h.c. Peter Horvath, charter member of 1995, holding the key-note speech: „German Controlling vs. American Management Control - Controlling in Hungary". Board member, Lukas Rieder will provide a brief overview over the last 20 years. Prof. Dr. Klaus Möller, University St. Gallen, will give insights into recent trends in innovation control and behavioral controlling. The general assembly gathers international thought leaders and top educators to explore global and regional perspectives on the future of controlling education.

In the general assembly we have to carry out the following important administrative tasks:

- 1.) Update of our bylaws
We need to approve some minor changes to our bylaws. Please see the attachment, which shows the current state and its supposed changes.
- 2.) Election of the members of the management board
According to our bylaws all board members but the chairman are to be elected after a period of five years. Rita Niedermayr, Ronald Gleich, Klaus Eiselmayer want to extend their management board mandate. Lukas Rieder wants to step down after 20 years. Prof. Klaus Möller would follow Lukas Rieder.

We look forward to welcoming you at our annual meeting!

Perspectives on Big Data

In our last newsletter, we announced the fact that we intend to enrich our newsletter with information from our members concerning current research results and insights, important conferences and new services. We kindly invite you to provide your latest insights and conferences in our newsletters. In this issue we would like to give you two perspectives on "Big Data".

New Members

We are glad to welcome a new member the **Macedonian Academy of Banking** (ABIT - Skopje).
